

# SEPTIC+ DRAIN

CODE: ENV-2017

Specifically designed to degrade organic waste, reduce odours and enhance healthy biological performance in drains, drain lines, grease traps, garbage disposals and septic tanks. This product effectively reduces sludge build-up and odours while it controls grease, foaming and scum formation.

## USAGE

### PREPARATION:

1. Dissolve contents of the pouch into 1 L of warm tap water
2. Let sit for 30 minutes-1 hour for optimal bacterial activation
3. Add the product mix to the area to be treated

### SHOCK DOSAGE:

Three pouches, once per day for up to 3 weeks<sup>1</sup>  
*Shock dose establishes healthy bacterial population*

### MAINTENANCE DOSAGE:

One pouch, once per alternating day, year-round<sup>1</sup>  
*Maintenance dose optimize the established bacterial population in the event of increased water volume, flowrate, etc.*

## APPLICATIONS

-  Toilets, sinks, showers, bathtubs, laundry tubs, drain lines, holding tanks, septic tanks, grease traps
- 
- 

## PROGRESSIVE SCIENCE

This environmentally friendly and effective biological treatment product contains **1 billion** bacteria per gram! Our formula contains 4 different enzymes specially selected to breakdown different types of organic matter, from fats and oils, to proteins and starches.

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.
