PROGRESSIVE CHEMISTRY

- **SAFE:** Safe for acrylic enamel, base coat and clear coat finishes.
- **LONG LASTING:** Foam stabilizers keep detergents working longer.
- **EASY:** Penetrating surfactants loosen road soils rapidly with minimum agitation.
- **PROTECTS:** Leaves a molecular layer of protection to help preserve the paint finish between washings. This gives a soft sheen without waxing.

NO ANIMAL TESTING
+ INGREDIENTS

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 4L, 20L, 205L, 1000L

PRECAUTIONS

Wear protective gloves and eye protection when dealing with concentrated product. For more information or Safety Data Sheets (SDS) please contact us or see our website.
