DESCRIPTION

This water soluble degreaser/cleaner attacks the molecular structures which bind dirt and grime to surfaces; destroying this bond allows them to be wiped or mopped away with ease. This all purpose degreaser can be used full strength to clean tankers and engines or diluted for light cleaning of walls, floors and tile.

BLAST

CODE : ENV-219

USAGE

Dilute according to recommendations and spray on surface to be cleaned. Allow adequate time for penetrants and degreasers to work, then rinse thoroughly. DO NOT spray on food.

LIGHT CLEANING: Dilute Blast Degreaser with 80 parts water

Use areas: All porcelain fixtures, tanks, tubs, tiles, sinks, floors, walls and composite tile.

MEDIUM CLEANING: Dilute with 10-40 parts water.

Use areas: Appliances, stainless steel, chrome, rubber, vinyl, fiberglass tanks, and all other types of hard surfaces.

HEAVY CLEANING: Use full strength (rinse after cleaning)

Use areas: Automotive transportation equipment, tankers, engines, whitewall tires, carbon build up and vandalism marks.

NOTE: Suggested dilution recommendations are general and may vary depending on conditions and amount of grease build up. Always test on inconspicuous area before using. Areas subject to food contact should be rinsed thoroughly with water after cleaning.

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

BIODEGRADABLE
OECD 301D

APPLICATIONS

Porcelain fixtures, tanks, tubs, tile, sinks, floors, walls

appliances, stainless steel, chrome, rubber, vinyl,

fiberglass tanks, and all other types of hard surfaces,

automotive transportation equipment, tankers, engines, whitewall tires, carbon build up and vandalism marks

PROGRESSIVE CHEMISTRY

Our specially formulated Blast Degreaser actually attacks the molecular structures that bond dirt and grime to surfaces. Blast then emulsifies the impurities so they can be easily and quickly wiped or mopped away.

SPECIFICATIONS

Physical Form	Liquid
Colour	Purple
Odour	Chemical scent
Flammability	Non-Flammable
pH	13.0

DOSAGE INSTRUCTIONS

APPLICATION	DILUTION
Light cleaning	1:80
Medium cleaning	1:10-40
Heavy cleaning	Full strength

ACCESSORIES

ITEM:	CODE:
Pressure washer	KAR-15209160
Pump up sprayer	HDS-403156
Spray bottle	RAW-B95E
Sprayer	RAW-TS100
Acid wash brush	ATG-315
Brush handle 60"	ATG-52509

STORAGE

-  Store locked up
-  Do not allow to freeze
-  Store in a dry, cool, well-ventilated area
-  Store away from direct sunlight and heat
-  Store in original container with closed lid.

SHELF LIFE: 1 year minimum after opening

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 4L, 20L, 205L, 1000L

PRECAUTIONS

Wear protective gloves and eye protection when dealing with concentrated product. For more information or Safety Data Sheets (SDS) please contact us or see our website.
